#### NOTES

- 1 - The tuition fee is annual or semiannual depending on the type of CUs and the division by instalments is only intended to make it easier for students to pay.
- 2 - The value of the annual fee of each CU is calculated by multiplying the annual amount of each ECTS by the number of ECTS corresponding to the CU, and must be paid until the 4th of the respective month or on the 1st following business day.
- 3 - For the 1st year students, this amount can be divided by 10 equal instalments (from October to July), if they are enrolled in the two semesters.
- 4 - For the 1st year students, this amount can be divided by 5 equal instalments (payable in the respective semester) in case they are enrolled in only one semester.
- 5 - For the students of the 2nd and following years, this amount can be divided by 11 equal instalments (from September to July), if they are enrolled in two semesters.
- 6 - For the students of 2nd and following years, this amount can be divided by 5 equal instalments (payable in the respective semester) in case they are enrolled only in one semester.
- 7 - The annual tuition fee can be paid in two half-yearly instalments (September and March) and will be reduced by 2.5%.
- 8 - The amount of the annual fee may be paid in a single instalment (September) and will be reduced by 5%.
- 9 - The total amounts presented in these tables are indicative of the total amount of the fee for all CUs in relation to each academic year, according to the payment method chosen.
- 10 - For International Students, the tuition fee increases by 20%.
